Mary Jo,

How are you this morning? Are you assigning this to me or are you asking Dan to assign it to someone (Don Joe?)?

Mary Jo,

Can you look at the claims made against this CAFO and determine any state action that addresses and/all of the claims made?

Thanks,

Scott

Dan,

From what I can tell, the "known 404 discharges" that they listed were all done prior to 2014, which means that we probably could not do any penalties. The potential impact areas appear to be pretty small also. That being said, I cannot say 100% that there are not 404 issues on the Site that we could deal with, but it would take a little field work and I'm not sure who would do it. So, if we are not going to look into it further, we need to find a way to word our response.

Hey H, I'm doing well on the bus now and putting along in traffic.

When you say "EPD doesn't know about this facility" does that mean they've never visited it or have no inspection on file?

I'd like you, Don and me to talk before you call Ag because EPD needs to really understand this is their responsibility and just because they have an agreement with Ag they are not off the hook. They need to be aware and confident of what Ag has done and will do since EPD is the authorized program.

Let's talk this morning. I should be in about 9:45 if this traffic mess gets cleared up.

Hey H, I'm doing well on the bus now and putting along in traffic.

When you say "EPD doesn't know about this facility" does that mean they've never visited it or have no inspection on file?

I'd like you, Don and me to talk before you call Ag because EPD needs to really understand this is their responsibility and just because they have an agreement with Ag they are not off the hook. They need to be aware and confident of what Ag has done and will do since EPD is the authorized program.

Let's talk this morning. I should be in about 9:45 if this traffic mess gets cleared up.

Good morning, Dan!

I have not spoken to Dept. of Ag yet. Maybe today. EPD does not know about this facility since they sent me to Ag.

Dan,

From what I can tell, the "known 404 discharges" that they listed were all done prior to 2014, which means that we probably could not do any penalties. The potential impact areas appear to be pretty small also. That being said, I cannot say 100% that there are not 404 issues on the Site that we could deal with, but it would take a little field work and I'm not sure who would do it. So, if we are not going to look into it further, we need to find a way to word our response.

Subject: FW: Citizen Suit Notice (CWA/RCRA) – Flint Riverkeeper, Inc. v Leatherbrook Holsteins LLC Regarding Permit Number GAG930000 located in Sumter County, GA.

Larry,

How are you today? I see your name on this citizen suit notice. I don't believe that this is a RCRA issue, but the suit claims RCRA violations. Don Joe and I are coordinating this Notice for Water Enforcement. Let me know who in RCRA Enforcement is working on this.

Thanks,
Humberto

Mary Jo,

Can you look at the claims made against this CAFO and determine any state action that addresses and/all of the claims made?

Thanks,

Scott

Morning Humberto,

Hope you are doing well. I believe Nancy was seeking some clarification regarding the handling of suits in LCARD since we are in different divisions now. In this situation, as you pointed out, it seems logical that this just be handled solely by water. Nancy do you agree?

Subject: status on MS4s

Lewis, the only 2 MS4s left that we need a status on are: Kennesaw and Norcross.
Apparently Sean spoke to Ania on May 8th so fairly recently.

Please be sure Don Joe and Humberto are kept in the loop on the inspection to Leatherbrook and Mary Jo with the Rockdale facility (H2S issue) if there is an inspection.

I did not hear anything from you on Vulcan although the RA got a call from EPD re: the penalty.
We plan to proceed with the AOC.

Good spontaneous decision last Friday to head for the lake.
Talk to you when I return.

Humberto,

Agriculture does plan to inspect the facility early Fall, but do not have a date yet. We can try to push that up a bit. We will advise when we get a better date estimate.

Revised NMP received a couple of weeks ago – still under review by Ag. It will come to us for final approval.

Shea sent Don the previous NMP (approved 2010) today.

We are hoping to get the new NMP from Ag soon, so we can review, then develop a more definitive path forward.

Lewis, thanks for sending the update re: the inspection for Leatherbrook.
I'm a little concerned about waiting until Fall, but it's more important that all three of us (Ag, EPD & EPA) coordinate than rush the inspection date.
Also, I've got Don Joe scheduled to go to several facilities in KY so if consideration can be given to perhaps the week of 8/19 for the inspection it would be appreciated.

You mentioned that Shea sent Don the 2010 NMP for the facility.
He actually had already received this from Ag, but appreciate the effort.

If I'm not mistaken when Don spoke with Shea several weeks ago, Shea indicated he had a hard copy draft of the most recent NMP.
If we could get started reviewing that document it would be very useful.

Thanks Lewis. We should have another "Friday call" to get caught up on other items.
What's your schedule like this Friday after 11?

Morning Humberto,

Hope you are doing well. I believe Nancy was seeking some clarification regarding the handling of suits in LCARD since we are in different divisions now. In this situation, as you pointed out, it seems logical that this just be handled solely by water. Nancy do you agree?

There is a RCRA component. They allege RCRA 7003.

Morning Humberto,

Hope you are doing well. I believe Nancy was seeking some clarification regarding the handling of suits in LCARD since we are in different divisions now. In this situation, as you pointed out, It seems logical that this just be handled solely by water. Nancy do you agree?

Larry

Subject: FW: Citizen Suit Notice (CWA/RCRA) – Flint Riverkeeper, Inc. v Leatherbrook Holsteins LLC Regarding Permit Number GAG930000 located in Sumter County, GA.

Larry,

How are you today? I see your name on this citizen suit notice. I don't believe that this is a RCRA issue, but the suit claims RCRA violations. Don Joe and I are coordinating this Notice for Water Enforcement. Let me know who in RCRA Enforcement is working on this.

Thanks,

Humberto

Mary Jo,

Can you look at the claims made against this CAFO and determine any state action that addresses and/all of the claims made?

Thanks,

Scott

Is your due date July 12? If so, we (RCRA) have until August to get our response in. I plan on working on this within the next couple of weeks.

Hi Humberto,

I am completing the suit information for RCRA. After reviewing my response to our attorney she has a question about the contamination of drinking water sources. Where there any contamination of private wells?

Melba,

How are you today? We don't know of or have any information on any private wells in the area. We did not consult with our drinking water section. Attached is what we wrote for the Notice.
